Left brain

I am the left brain.
 I am a scientist. A mathematician.
 I love the familiar. I categorize. I am accurate. Linear.
 Analytical. Strategic. I am practical.
 Always in control. A master of words and language.
 Realistic. I calculate equations and play with numbers.
 I am order. I am logic.
 I know exactly who I am.

Right brain

I am the right brain.
 I am creativity. A free spirit. I am passion.
 Yearning. Sensuality. I am the sound of roaring laughter.
 I am taste. The feeling of sand beneath bare feet.
 I am movement. Vivid colors.
 I am the urge to paint on an empty canvas.
 I am boundless imagination. Art. Poetry. I sense. I feel.
 I am everything I wanted to be.

“

If there's one thing you learn by working on a lot of different Web sites, it's that almost any design idea-no matter how appallingly bad-can be made usable in the right circumstances, with enough effort.
